

Perryfields Junior School

Friday Flyer

Week 7 – 22nd October 2018

Message from the Headteacher

I just can't believe we have reached our 1st half term of 2018/19! We have been so busy, time has simply flown by... apart from literacy and maths, it seems that this week has been heavily influenced by science and sport...

Firstly on Monday morning Mr Curtis took our table tennis teams to an inter-school tournament and was very impressed with the performance of all our competitors as they demonstrated great positivity and effort throughout the tournament. Both teams were very successful-our boys team finished 2nd and our girls' team were first (gold medalists)! The girls have qualified for county finals! Amazing work from everyone involved!

On Thursday afternoon, our netball team played against Newland Spring Primary school and achieved a wonderful winning result, 7-3. A fantastic effort by all. Well done.

I hope those parents who attended Mrs Edwards's Maths Mastery session on Wednesday found it useful. Feedback so far from both the evening and afternoon sessions has been very positive and hopefully the mastery approach to maths will help you to support your children in their learning.

On Thursday, Year 6 led an exceptionally informative Enterprise Day based on Evolution which was once again an excellent opportunity for all our children and Year 6 families to share the knowledge and learning in Year 6. Our Enterprise Days add great depth to our children's learning and enable them to experience leadership opportunities throughout the school. Thank you to all staff and children who organised the days and also to all parents and carers who came in to share our knowledge and learning.

We all participated in a brilliant science day on Friday! The whole school theme was 'Engineering.' Year 3 built bridges, Year 4 investigated Rocket Power, Year 5 were 'Beating the Flood!' and Year 6 were 'Powering the World!' The day kicked off with a highly entertaining and informative assembly from Mrs Bickley. A huge thank you goes to Mrs Bickley and all staff for organising the day and also to our good friend Roger Pittock from STEM who joined us for the day.

I hope you have a lovely (and restful) half term and we look forward to seeing you all again on Monday 29th October.

Jane Hasler
